

SOLREWARD WHITEPAPER

Version 1.1 | February 2025

 Official Website: solreward.com

1 Introduction

SOLREWARD (\$SOLR) is a community-driven, decentralized rewards token built on Solana. Our goal is to provide secure, sustainable, and high-reward opportunities for long-term holders through locked liquidity, reflections, and NFT-based incentives.

2 Mission & Vision

◆ Mission

SOLREWARD aims to redefine tokenized rewards by integrating staking, reflections, and governance mechanisms while ensuring a fully decentralized and transparent ecosystem.

- ◆ Vision

Our vision is to create a sustainable rewards economy where users earn passive income through reflections, staking, and NFT utility integrations.

3 Tokenomics & Allocations

- ◆ Total Supply

1,000,000,000 SOLR (1 Billion Tokens)

- ◆ Initial Allocation

- ◆ Transaction Fees (Buy/Sell Tax: 6%)

- ✓ 4% Reflections → Distributed to all holders (passive income)

- ✓ 1% Liquidity Pool → Enhances price stability

- ✓ 1% Burn → Deflationary mechanism reducing supply over time

④ Liquidity Lock & Security

- ◆ How Liquidity Locking Works

- ✓ 70% of liquidity locked on Raydium for 1 year

- ✓ Funds cannot be withdrawn or manipulated

- ✓ Gradual re-locking via DAO voting ensures community control

- ◆ Security Measures

- ✓ Smart Contract Audits (Certik & SolidityScan)

- ✓ Multi-Sig Wallets for Development Funds

- ✓ Vesting Schedule for Team Allocation

⑤ Rewards & Staking

- ◆ Reflections & Passive Income

 Holders automatically earn SOLR reflections from transactions

 Payouts increase based on holding size & transaction volume

- ◆ Staking Mechanism (Coming in Phase 2)
- ◆ Stake SOLR to earn APY-based rewards
- ◆ Bonus staking rewards for NFT holders

⑥ NFT & Ecosystem Integrations

- ◆ NFT Utility

✓ Exclusive NFT staking bonuses

✓ NFT trading & marketplace integration

- ◆ Marketplace & NFT Swaps

- ◆ Swap SOLR tokens for rare NFTs

7 Roadmap

Phase 1 – Q1 2025

- ✓ Token Creation & Deployment
- ✓ Smart Contract Audit
- ✓ Liquidity Locked (Raydium LP)
- ✓ Whitepaper Release
- ✓ Community Building & Marketing

Phase 2 – Q2 2025

- ◆ Staking Platform Release
- ◆ NFT Marketplace Launch
- ◆ CEX & DEX Listings

 Phase 3 – Q3 2025

 DAO Governance Implementation

 Large-Scale Partnerships

 Governance & Community

- ◆ DAO Voting: 1 SOLR = 1 Vote
- ◆ Treasury Fund for Development & Growth
- ◆ Monthly Airdrops & Community Rewards

 Future Growth & Partnerships

- ✓ Raydium & Orca for liquidity management
- ✓ NFT marketplaces for utility-based trading & staking

10 Conclusion

SOLREWARD is designed for long-term sustainability, passive income, and NFT integration. With strong tokenomics, secured liquidity, and governance involvement, SOLREWARD is set to revolutionize tokenized rewards on Solana.

Join the movement. Earn rewards. Build the future. 🚀
